Skills

Languages: C++, JavaScript, C, Python, PHP, Java
Frameworks: HTML and CSS, Bootstrap, NodeJS, React
Tools/Platforms: MySQL, MongoDB
Soft Skills: Problem-Solving Skills, Team Player, Project Management, Adaptability

Projects

Sefire marketing – Fire Safety & Equipment Link — August 2025
E-commerce website |**Tech Stack:** HTML, CSS, JavaScript, jQuery, PHP, MySQL

- Created an informational platform that highlights fire safety practices, displays safety tools, and provides emergency contact details along with location access for nearby fire stations.
- Included interactive sections such as animated service cards, categorized fire-safety tips, and a quiz with dynamic visuals to make learning engaging.
- Focused on easy navigation with emergency buttons, an organized equipment showcase, and login setup to make the site practical and accessible.

AI Legal Advice Chatbot: Link — August 2025
Legal Support Chatbot | **Tech Stack:** Python, Tkinter, Gemini API

- Developed a simple chatbot system that offers basic legal suggestions using the Gemini API, allowing users to ask questions and receive instant AI-generated guidance.
- Implemented clear message formatting, input handling, and smooth conversation flow so users can easily follow the information provided.
- Designed a neat and user-friendly interface that can be upgraded with additional legal categories or advanced features in the future.

Hospital Management System: Link — July 2025
Manage hospital System | **Tech Stack:** C++, DSA, HTML, CSS, JavaScript

- Built a hospital management website supported by C++ and DSA logic for handling patient records, doctor details, and appointment scheduling in an organized structure.
- Implemented backend data handling using C++ with DSA techniques such as queues, inked lists, and sorting to manage patient flow and record.
- built a simple, responsive interface using HTML, CSS, and JavaScript.

Certificates

- Computational Theory: Language Principle & Finite Automata Theory Certificate — August 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM Certificate — August 2025
- Social Networks-IIT Madras Certificate — April 2025

Achievements

- **Research Paper Presentation:**

  Presented a research paper titled “Single Precision General Matrix Multiply Kernel Performance” at the 9th International Conference on Computing Sciences (ICCS-2024), organized by Lovely Professional University.

- **Served as Class Representative:**

  Acted as communication link between faculty and students, supporting coordination, query resolution, and class activities.

Education

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.3*** — *Since August 2023*
- **Jawahar Navodaya Vidhalaya** — S.B.S Nagar, Punjab
  Intermediate; ***Percentage: 77%*** — *April 2022 - March 2023*
- **Jawahar Navodaya Vidhalaya** — S.B.S Nagar, Punjab

Matriculation; ***Percentage: 82%*** *April 2020 - March 2021*
